Image description

A two-column table summarising boxing weight ranges. The first column is Weight range and the second column is Division. The contents of the table are as follows:

- In row 1, Weight range is $48 < \text{weight} \leq 49$. Division is light flyweight.
- In row 2, Weight is $49 < \text{weight} \leq 51$. Division is flyweight.
- In row 3, Weight is $51 < \text{weight} \leq 52$. Division is super flyweight.
